INSTRUCTIONS

COACH or CAPTAIN

1. **IMPORTANT:**
All names and CIPP numbers must be correct. All players must be prepared to show current identification if requested.
2. A player can be circled "Y" (under Citizenship) if that individual has had their citizenship verified by USA Rugby or if they have been granted a waiver from the USA Rugby Eligibility Committee. In either case, that information must be posted on the USA Rugby CIPP database.
3. Players not listed in the USA Rugby database as verified, must have legible copies of proof of citizenship in the clubs notebook before they can be listed with a "Y" next to their name. Players unable to provide such documentation will be listed as non-resident players.
4. All reserve players are fixed at match time. No additions, substitutions, or replacements can made to the reserve player list after the match has begun.
5. Two reserves must be front row players. Please indicate the two props after the players' names.

REFEREE

1. Teams are responsible for their own rosters.
2. Seal with tape or staple and mail immediately.
